

PW 120 C - PW 135 C high-pressure washers

■ PW 120 C - PW 135 C high-pressure washers

Ideal for pressure washing areas outside the home such as porches, steps, walkways, and for cleaning cars or gardening equipment, these new appliances are notable for their convenience and practical advantages.

All-metal pump guarantees reliability, and constant efficiency over time. "Easy Start" system ensures smooth power-up and start and a "Total Stop" interlock shuts off the motor whenever the lance jet is turned off.

Numerous features are included to ensure ease of use, like large-diameter wheels for ease of manoeuvring, two handles for lifting and carrying the machine, and a generously proportioned recess at the rear for stowing accessories. Upright position and streamlined body make for easy storage in the garage, utility room or toolshed.

PW 120 C PW 135 C

Max pressure	120 bar	140 bar
Max flow rate	360 l/h	410 l/h
Rated power	1600 kW	2000 kW
