TORO TURFMASTER

HDX 30" LAWN MOWER

TORO

The TORO TurfMaster HDX Mower will help you finish the job faster with a wide cutting deck, quality walk behind control, and commercial grade power.

This mower was made with the user in mind.

The innovative Blade Brake Clutch (BBC) allows you to disengage the blades without shutting off the engine, so you don't need to restart the mower when you step away.

The 2-Point Height of Cut allows you to easily adjust the deck height without needing to walk around the mower.

Features:

- Kawasaki FJ180V engine and MV702 transmission
- Commercial grade wheels
- 13-gauge steel deck and heavy-duty components
- 1-gallon gas tank
- Mulch, bag or side discharge.

QUALITY BRANDS, EXCEPTIONAL SERVICE.
